

## How to share your music to help #EndGunViolence

You want to support gun violence prevention but you've got another gig/can't attend a designated event/can't find an event nearby. Now what?

**You can still give your message a real voice.**

A voice your elected leaders will hear. Here are three ways:

1. Pre-record a video of your message of support for the "Concert Across America to End Gun Violence." Upload it to your Facebook fan page and/or tweet it out using the hashtags #ConcertAcrossAmerica #EndGunViolence
2. Pre-record a video performing a song that expresses your feelings about gun violence in America. Upload to your Facebook fan page and/or tweet it out using the hashtags #ConcertAcrossAmerica #EndGunViolence
3. If you're performing at a non-participating venue on Sept. 25, please dedicate one song to #EndGunViolence and ask your audience to tweet it out with the hashtags #ConcertAcrossAmerica #EndGunViolence

Play on. Thanks.

All of us at the Concert Across America to End Gun Violence.
